

UNLOCKING LIFE-CHANGING RHEUMATOLOGY RESEARCH

The Rheumatology Research Foundation is the largest private funding source for rheumatology research & training in the U.S. Our mission is to advance research and training to improve the health of patients living with rheumatic disease.

WHAT WE DO

- We award grants to scientists conducting innovative research that will lead to patients with rheumatic disease being able to live longer, healthier lives.
- Our programs fund training and mentorship opportunities for medical students and fellows to assist in the recruitment and education of future rheumatologists.
- We are committed to expanding the workforce in order to provide patients with better access to specially trained rheumatology professionals.

GET INVOLVED

- Visit our Rheumatology Lab. This patient-centered, online platform sheds light on rheumatology research and translates the latest rheumatology research findings.
- Stay connected with us on social media and sign up for our monthly newsletter.
- Join our #RheumChampion ambassador program, amplify your voice and let others know they are never alone.
